# About me

*Architect*

Daniel Gallego

Experienced architect with a proven track record in designing and overseeing construction projects. Proficient in web design, using HTML, CSS, XML, and JavaScript for dynamic websites. Skilled in structural drawing and architectural design software.

Expertise in industry-standard design software, including AutoCAD, Revit, SketchUp, Adobe Creative Suite, and web development tools. Dedicated to delivering high-quality results while fostering collaborative relationships with clients, contractors, and stakeholders.

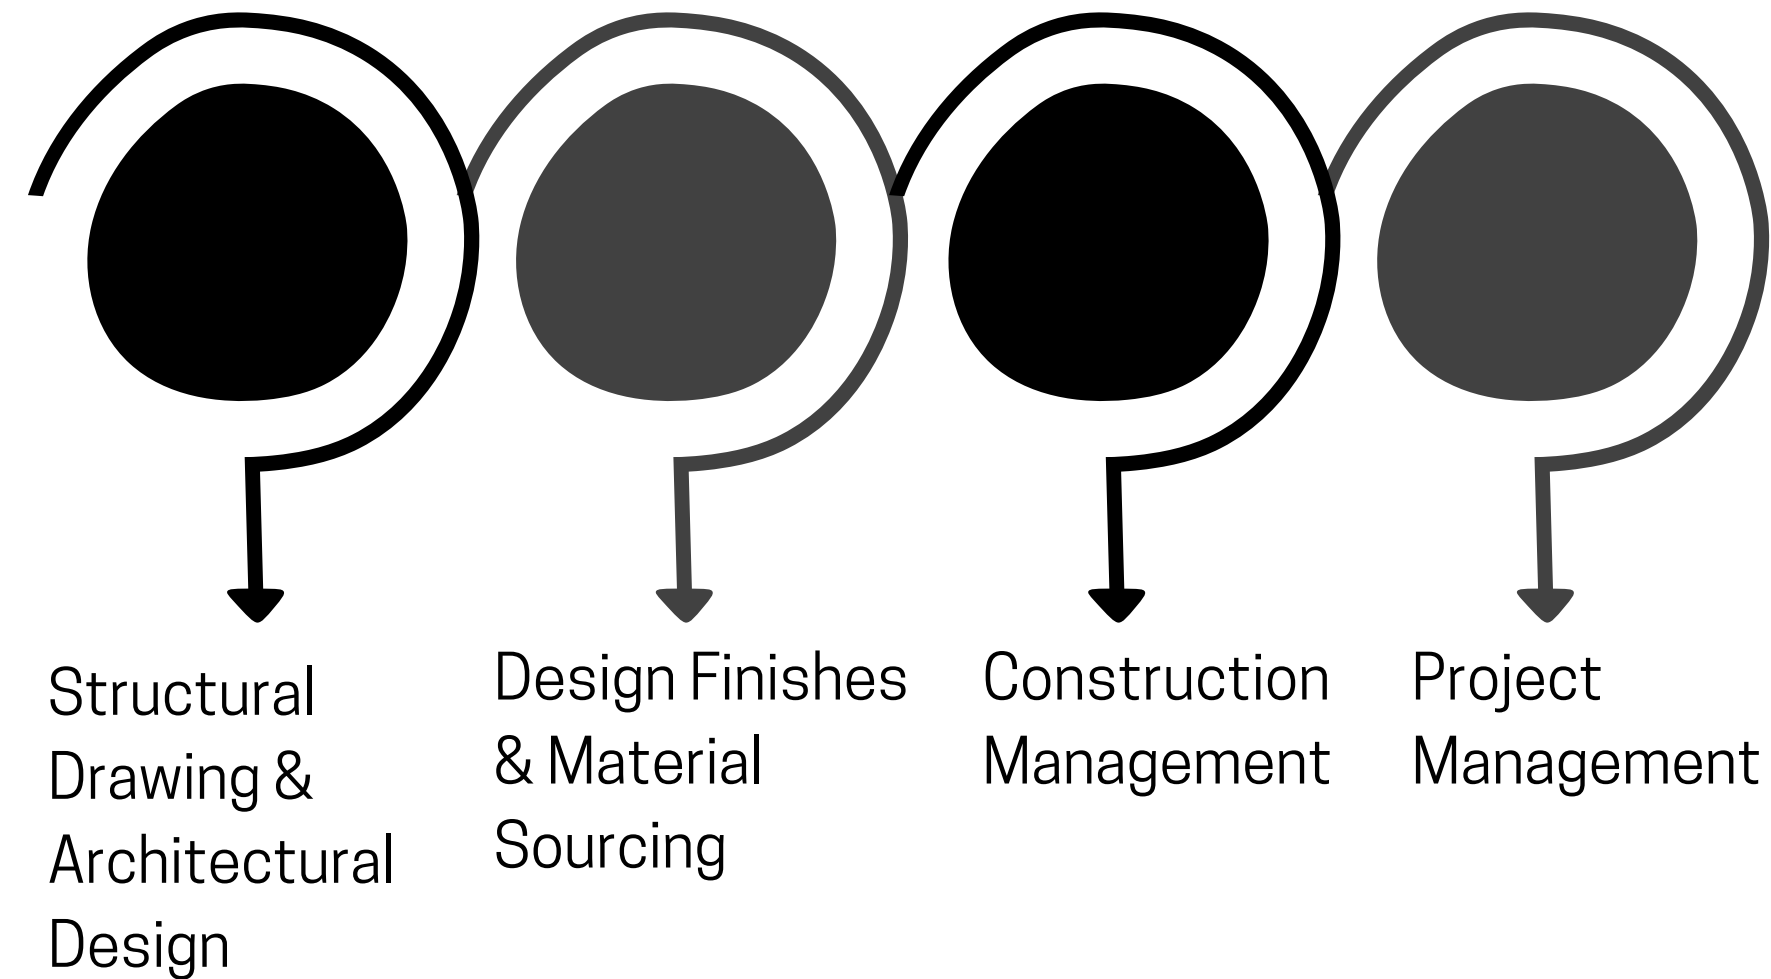

# My Goal

*"To create bold, immersive spaces that push the boundaries of form and function — blending aesthetic innovation with practical design to leave a lasting impression on the people who use them"*

Ogunyemi Daniel  
Olayemi

# My Skills

I blend strong architectural design and technical drawing skills with hands-on project and construction management experience. From concept to execution, I ensure designs are both buildable and impactful. With a sharp eye for materials and finishes, I bring every detail to life.

# Education

**HND -URBAN AND REGIONAL PLANNING –**  
YABA COLLEGE OF TECHNOLOGY, LAGOS  
STATE

**DIPLOMA IN GENERAL COMPUTING –**  
U.V COMPUTER TRAINING COLLEGE,  
LAGOS STATE

**GRAPHIC DESIGN –**  
GURUDEMY

2017

2014

2022

My education gave a big boost to my  
personality as a high-level  
professional.

# Work Experience

With over five years of hands-on site experience, I effectively supervised construction teams, enforced safety protocols, and optimized project workflows, ensuring build quality, regulatory compliance, and efficient execution across complex construction sites.

Worked with companies like:

ADRON Homes

The Address  
Homes

Armic Associates  
Construction  
Company

At ADRON Homes, I led the creation of structurally sound and visually compelling architectural designs. I ensured full compliance with safety codes and zoning laws while selecting optimal materials and delivering detailed plans that balanced function, form, and resilience.

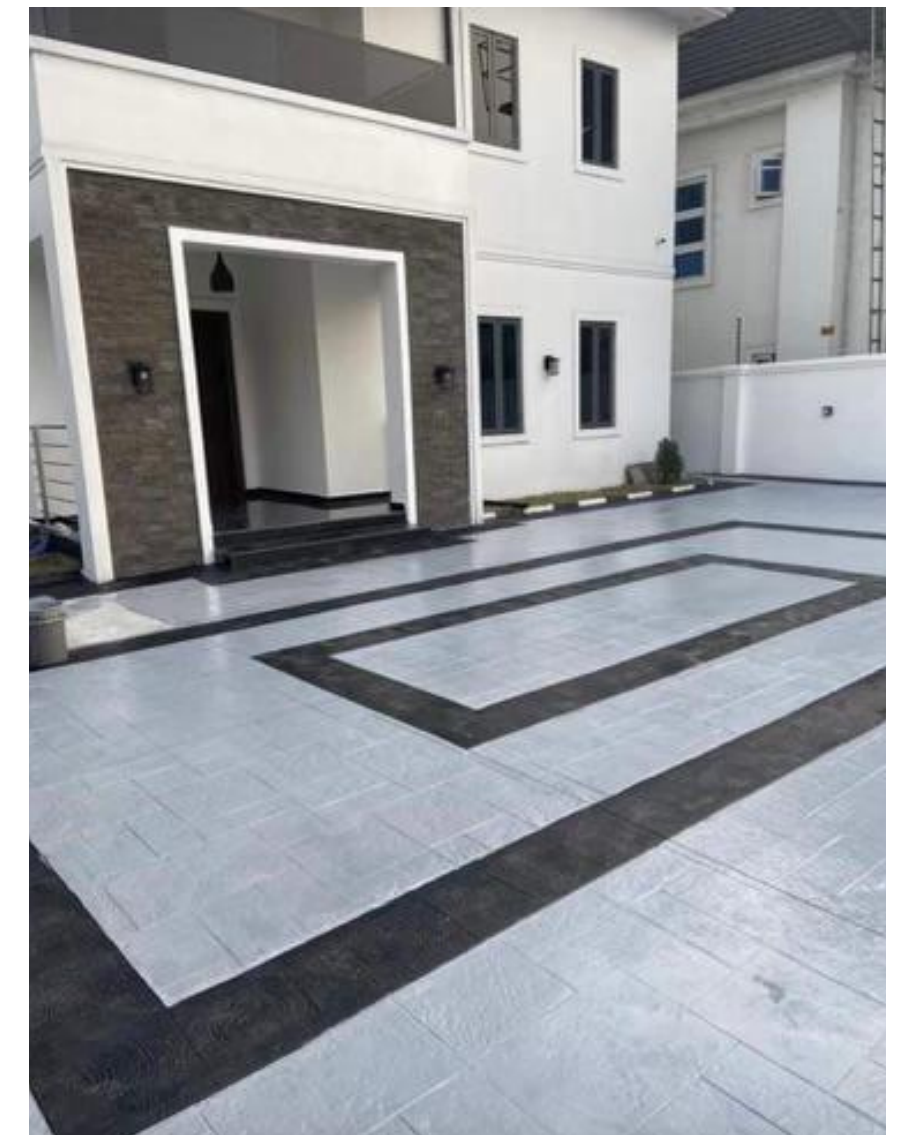

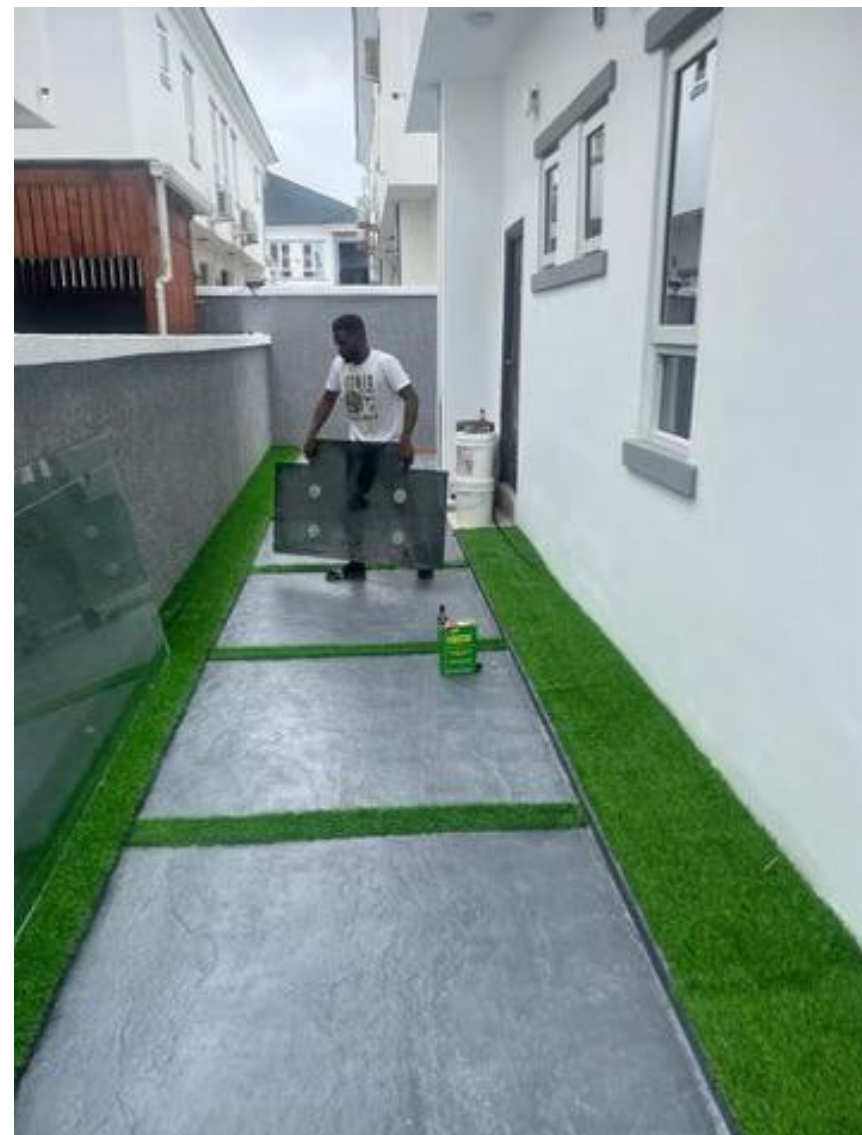

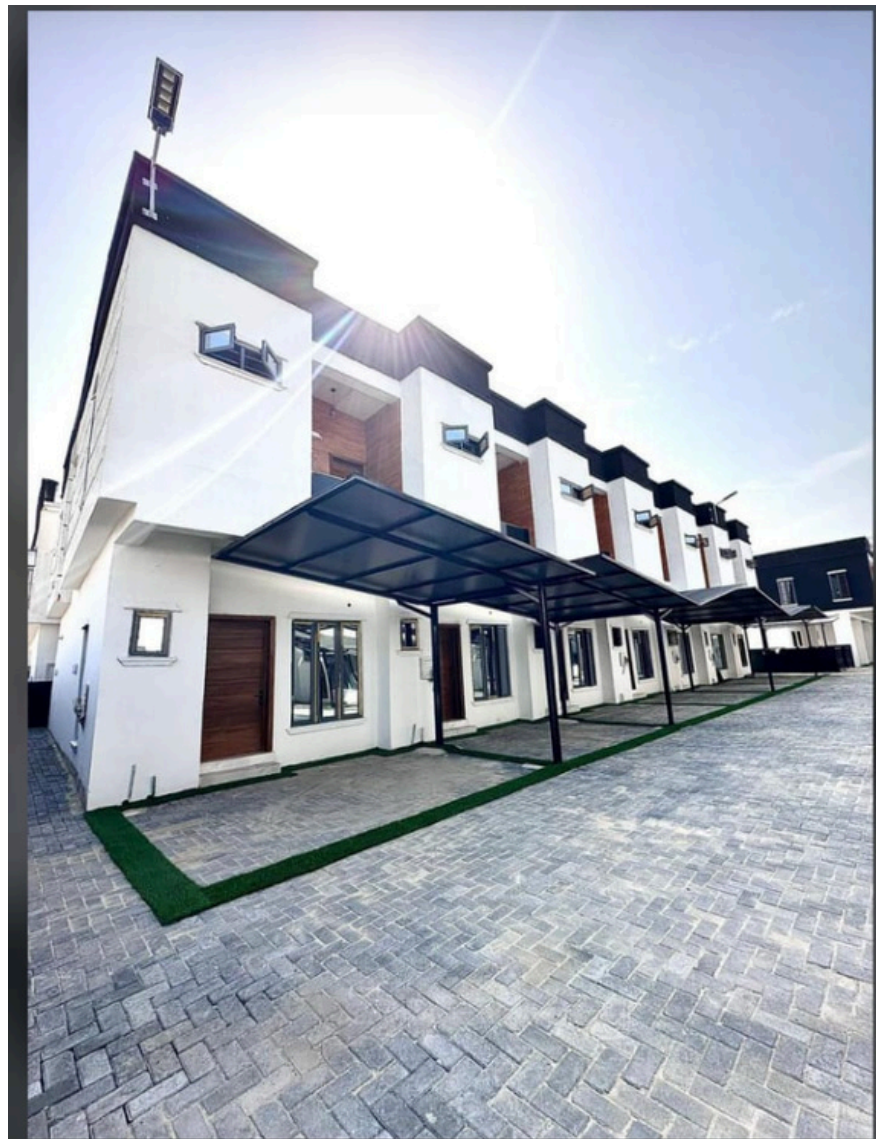

I specialized in crafting refined design concepts that seamlessly integrated interior and exterior elements. I managed high-end finish selections, budget estimates, and material sourcing to deliver luxurious, cohesive spaces tailored to client needs and site conditions.
